LIONA ENTERPRISES

GENERAL CAPABILITIES STATEMENT

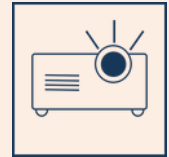

ABOUT LIONA ENTERPRISES

Founded in 2015, Liona Enterprises, Inc. is an information technology services firm that develops products and solutions for government and commercial clients. We provide in-depth IT system assessment, specifically tailored to integrate new and existing systems, and to secure the diverse technologies of an organization. Our services include IT system design, equipment purchase, maintenance, and support services that help optimize hardware and software. As a results-based organization, we partner with accomplished businesses to create customized solutions.
