

CAPABILITIES STATEMENT

Who We Are

Liona Enterprises is a Mission Technology Integrator specializing in enterprise modernization, cybersecurity, collaboration technologies, and managed IT services. Through strategic partnerships with leading technology manufacturers, we deliver complete lifecycle solutions—from technology acquisition and systems integration to deployment, sustainment, and modernization.

Value Statement: **Delivering Secure Technology Solutions That Advance Federal Mission Success.**

Core Competencies

ARTIFICIAL INTELLIGENCE & DATA ANALYTICS

- Artificial Intelligence (AI)
- Generative AI
- Machine Learning
- Predictive Analytics
- Data Engineering
- Business Intelligence & Dashboards
- Microsoft Fabric
- Azure AI Services
- Workflow Automation
- Decision Support Systems

ENTERPRISE IT MODERNIZATION & SYSTEMS INTEGRATION

- Enterprise Architecture
- Systems Engineering
- Infrastructure Modernization
- Cloud Migration
- Hybrid Cloud Infrastructure
- Application Modernization
- Network Engineering
- Systems Integration
- Digital Transformation
- DevSecOps

CYBERSECURITY & CRITICAL INFRASTRUCTURE PROTECTION

- Zero Trust Architecture
- Risk Management Framework (RMF)
- Identity & Access Management
- Security Operations
- Continuous Monitoring
- Vulnerability Management
- NIST Compliance
- CMMC Compliance
- Incident Response
- Endpoint Protection

INTEGRATED AV, VTC & COLLABORATION SOLUTIONS

- Enterprise AV/VTC System Design
- Conference Room Modernization
- Executive Boardroom Solutions
- Microsoft Teams Rooms
- Zoom Rooms
- Unified Communications
- Video Wall Design & Integration
- Installation, Configuration & Testing
- Lifecycle Support
- Nationwide Deployment Services

ENTERPRISE IT SUPPORT SERVICES

- Tier I-III Help Desk Support
- ITIL Service Management
- End User Computing Support
- Incident & Problem Management
- Desktop & Mobile Device Support
- Knowledge Management
- Remote & On-Site Technical Support
- SLA & KPI Management
- Service Desk Performance Reporting
- 24 x 7 Operations Support

TECHNOLOGY PROCUREMENT, INTEGRATION & LIFECYCLE MANAGEMENT

- Technology Acquisition & Procurement
- OEM Hardware & Software Solutions
- Licensing & Subscription Management
- Product Configuration & Integration
- Enterprise Networking Solutions
- Imaging, Staging & Deployment
- Supply Chain & Logistics Management
- Enterprise Asset Management
- Technology Refresh Planning
- End-to-End Lifecycle Support

Networking	Collaboration	Compute & Infrastructure	Displays
Cisco/HPE	Crestron	Dell Technologies/HP Inc.	Samsung/LG/Planar

Selected Federal Experience

Contract 1

Contract Value: \$17.5M

Period of Performance: June 2023 – June 2029

Capabilities Delivered:

Enterprise Audio Visual (AV) & Video Teleconferencing (VTC) Modernization

Conference Room Design, Installation & Integration

Executive Collaboration Technologies

Preventive Maintenance & Lifecycle Sustainment

Mission Impact:

Modernized 13 enterprise collaboration environments, improving executive communications, increasing system reliability, and reducing technology downtime through proactive lifecycle management.

Core Capabilities: Enterprise AV • Unified Communications • Lifecycle Support • Systems Integration

Contract 2

Contract Value: \$4.5M

Period of Performance: January 2024 – January 2029

Capabilities Delivered:

Enterprise IT Asset Management

PMIS Operations & Administration

Cloud Migration & Modernization

Asset Lifecycle & Property Accountability

Mission Impact:

Improved enterprise asset accountability and operational visibility through cloud-enabled asset management, strengthened compliance, and enhanced reporting supporting agency decision-making.

Core Capabilities: Enterprise IT • Cloud Migration • Asset Management • Analytics
